9. *Presiding and polling officers.—(1)* The Returning Officer or such Assistant Returning Officer as may be specified in this behalf by the Elec-tion Commission shall conduct the poll at each place of polling. Every such officer is hereinafter referred to as the presiding officer.

(2) The presiding officer may appoint such polling officer or officers as he thinks necessary to assist him in taking the poll, but he shall not so appoint any person who has been employed by, or on behalf of, or has been working for, a candidate in or about the election.

10. *Design and form of ballot papers.—(1)* Every ballot paper shall have a counterfoil attached thereto and the said ballot paper and the counter foil shall be in such form, and the particulars therein shall be in such language or languages, as the Election Commission may direct.

(2) The presiding officer shall then secure and seal the box in such manner that the slit for the insertion of ballot papers remains open, and shall also allow such candidates and authorised representatives of candi-dates as may be present to affix their own seals, if they so desire.

13. *Admission to the place of polling.— (1)* The presiding officer shall exclude from the place of polling all persons except—

(2) The presiding officer shall close the place of polling at the hour fixed under clause *(b)* of rule 7 or, as the case may be, under clause *(b)* of rule 8 for the close of the poll and shall not admit therein any elector after that hour:

Provided that all electors present at the place before it is so closed shall be entitled to have their votes recorded.

14. *Procedure for giving ballot papers.— (1)* The polling officer shall be furnished with an authentic list or part thereof of the electors entitled to vote at the place of polling.

17.*Manner of recording votes.— (1)* Every elector shall have as many preferences as there are candidates but no ballot paper shall be considered invalid solely on the ground that all such preferences are not marked.

(2) An elector in giving his vote—

*(a)*shall place on his ballot paper the figure 1 in the space oppo-site the name of the candidate whom he chooses for his first preference ; and

*(b)*may, in addition, mark as many subsequent preferences as he wishes by placing on his ballot paper the figures 2, 3, 4 and so on, in the spaces opposite the names of other candidates, in order of preference.

Explanation.—The figures referred to in clauses *(a)* and *(b)* of this sub-rule may be marked in the international form of Indian numerals or in the Roman form or in the form used in any Indian language but shall not be indicated in words.

(3) The presiding officer shall, if requested by an elector, explain to him the instructions contained on the ballot paper for the recording of votes.

18. *Maintenance of secrecy of voting by electors within place of polling and voting procedure.— (1)* Every elector to whom a ballot paper has been delivered under rule 14 shall maintain secrecy of voting within the place of polling and for that purpose observe the voting procedure herein after laid down.

*(4)*No elector shall be allowed to enter a voting compartment when another elector is inside it.

19. *Recording of votes of illiterate or disabled elector.— (1)* If an elector is unable to read the ballot paper or to record his vote thereon in accordance with rule 17 by reason of illiteracy or blindness or, by not being con versant with the language in which the ballot papers are printed or, by reason of any physical or other disability, the presiding officer shall record the vote on the ballot paper in accordance with the wishes of the elector.

(2) The elector shall then himself or with the assistance of the presid-ing officer fold up the ballot paper so as to conceal his vote and insert it into the ballot box.

(3) While acting under this rule, the presiding officer shall observe as much secrecy as is feasible and shall keep a brief record of each such in-stance but shall not indicate therein the manner in which any vote has been cast.

20. *Account of ballot papers.— (1)* The presiding officer shall at the close of the poll prepare a ballot paper account in

Form 6 and enclose it in a separate cover with the words "Ballot Paper Account" super scribed thereon.

(2) The presiding officer shall permit the authorised representative of a candidate, who so desires, to take a true copy of the entries in the ballot paper account and shall attest it as true copy.

21. *Sealing up of ballot boxes and papers after the close of poll.— (1)* As soon as practicable after the close of poll the presiding officer shall, in the presence of such candidates and authorised representatives of candidates as may be present, close and seal up the slit as well as the ballot box.

(b) the counterfoils of ballot papers ;

(c) the ballot papers cancelled under rules 15 and 16 : and

(d) the unused ballot papers,

and seal each such packet with his own seal and the seals of those candi-dates and authorised representatives of candidates who may desire to affix their seal thereon.

22. *Transfer of ballot papers from ballot boxes in certain cases.— (1)* Notwithstanding anything contained in rule 21, the Election Commission may, at a Presidential election, direct the presiding officer at any place of polling other than the Parliament House in New Delhi to follow after the close of the poll the procedure laid down in this rule instead of the proce-dure laid down in sub-rule *(1)* of rule 21.

(2) Where a direction has been issued under sub-rule *(1),* the presiding officer shall, as soon as practicable after the close of the poll, open the ballot box in the presence of such candidates and authorised representatives of candidates as may be present and transfer all the ballot papers contained in it without examining or counting them into a separate cover and record on such cover—

(a) the name of the place of polling ; and

(b) the date of the poll.

(3) After such transfer he shall allow the candidates and their authorised representatives who may be present, to inspect the ballot box and demonstrate to them that it is empty.

(4) He shall then seal the cover with his own seal and the seals of those candidates and authorised representatives of candidates who may desire to affix their seals thereon.

(5) The cover so sealed shall, for the purposes of rules 23, 25, 32 and 33, be deemed to be the ballot box used at that place of polling and the provisions of those rules shall apply accordingly.

23. *Dispatch and custody of ballot boxes and paper.— (1)* t a Presi-dential election, the presiding officer at every place of polling other than the Parliament House in New Delhi shall forthwith cause the sealed ballot box and packets and all other papers used at the poll to be sent to the Returning Officer in accordance with such general or special instructions as may be issued in that behalf by the Election Commission.

(2) The Returning Officer shall make adequate arrangements for the safe custody of all sealed ballot boxes and packets and other papers used at the poll, until the commencement of the counting of votes.

24. *Adjournment of poll in emergencies.— (1)* If the proceedings at any place of polling are interrupted or obstructed by riot or open violence, or if it is not possible to take the poll at any such place on account of a natural calamity or other sufficient cause, the presiding officer shall announce an adjournment of the poll to a date to be notified later, and immediately report the circumstances to the Election Commission and, unless he is the Returning Officer, also to the Returning Officer.

*(2)*Whenever a poll is adjourned under sub-rule *(1)*, the Election Commission shall, as soon as may be, fix the day on which, the place at which, and the hours during which the adjourned poll shall be taken, and shall notify the said details to all concerned in such manner as it may think fit.

*(3)*On the date on which such adjourned poll is taken, the electors who have already voted at the poll before its adjournment will not be entitl-ed to vote, but only the remaining electors who were entitled to vote at the place of polling before its adjournment may vote.

25. *Fresh poll in case of destruction, etc., of ballot boxes.— (1)* If at an election, any ballot box is unlawfully taken away from the custody of the presiding officer or the Returning Officer or is in any way tampered with, destroyed or lost, the poll taken at the place of polling where that ballot box was used shall be deemed to have been vitiated ; and the Returning Officer shall, as soon as practicable, report the matter to the Election Com mission, which shall appoint a day for the taking of a fresh poll at that place and fix the hours during which it will be taken.

(2) In every such case as aforesaid, the provisions of these rules shall apply to the fresh poll as they apply to the original poll.

26. *Voting by electors under preventive detention.— (1)* Notwithstanding anything in the foregoing provisions of this Chapter, an elector may, if he is subjected to preventive detention under any law for the time being in force, give his vote by postal ballot.

(2) The Election Commission shall send by registered post to the officer-in-charge of the jail or other place where the elector is detained the appropriate ballot paper, together with a form of declaration of identity and attestation of signature and necessary envelopes specially prepared for the purpose and a letter of instructions, so as to reach that officer in good time before the date fixed for polling.

(3) On the date of polling the said officer shall deliver the ballot paper and other necessary papers to the elector, allow him all reasonable facilities and sufficient time, not exceeding two hours, for recording his vote in accordance with the instructions of the Election Commission, and if and when the elector has so recorded his vote, send the ballot paper and other connected papers in a sealed cover, either by registered post or through a special messenger, to the Returning Officer so as to reach him before the time fixed for the counting of votes under rule 27.

(4) It shall be the duty of every Government to intimate to the Election Commission at the appropriate time the names of electors, if any, who are subjected to preventive detention by or under the authority of that Government, together with the necessary particulars as to their places of detention.

THE SCHEDULE

(See rule 33)

INSTRUCTIONS FOR THE DETERMINATION OF RESULT

1. In this Schedule—

(1) the expression "continuing candidate" means any candidate not elected and not excluded from the poll at any given time;

(2) the expression "first preference" means the figure 1 set oppo-site the name of any candidate, the expression "second preference" similarly means the figure 2, the expression "third preference" the figure 3, and so on;

(3) the expression "next available preference" means the second or subsequent preference recorded in consecutive numerical order for a continuing candidate, preferences for candidates already excluded being ignored ;

*(4)*the expression "unexhausted paper" means a ballot paper on which a further preference is recorded for a continuing candidate ;

*(5)*the expression "exhausted paper" means a ballot paper on which no further preference is recorded for a continuing candidate, pro-vided that a paper shall be deemed to be exhausted in any case in which—

*(a)*the names of two or more candidates whether continuing or not are marked with the same figure, and are next in order of preference; or

*(b)*the name of the candidate next in order of preference, whether continuing or not, is marked by a figure not following consecutively after some other figure on the ballot paper or by two or more figures.

2. Every ballot paper represents at each count-

(a) in a Presidential election, the number of votes as determined under rule 30 ; and

(b) in a Vice-Presidential election, one vote.

3.Ascertain the number of first preference votes secured by each can-didate and credit him with that number.

4.Add up the numbers so credited to all the candidates, divide the total by two, and add one to the quotient disregarding any remainder. The resulting number is the quota sufficient to secure the return of a candidate at the election.

5.If at the end of the first or any subsequent count, the total number of votes credited to any candidate is equal to, or greater than, the quota, or there is only one continuing candidate, that candidate is declared elected.

6. If at the end of any count, no candidate can be declared elected,—

(a) exclude the candidate who up to that stage has been credited with the lowest number of votes ;

*(b)*examine all the ballot papers in his parcel and sub-parcels, arrange the unexhausted papers in sub-parcels according to the next available preferences recorded thereon for the continuing candidates, count the number of votes in each such sub-parcel and credit it to the candidate for whom such preference is recorded, transfer the sub-parcel to that candidate, and make a separate sub-parcel of all the exhausted papers ; and

*(c)*see whether any of the continuing candidates has, after such transfer and credit, secured the quota.

If, when a candidate has to be excluded under clause *(a)* above, two or more candidates have been credited with the same number of votes and stand lowest on the poll, exclude that candidate who had secured the lowest number of first preference votes, and if that number also was the same in the case of two or more candidates, decide by lot which of them shall be excluded.

All the sub-parcels of exhausted papers referred to in clause *(b)* above shall be set apart as finally dealt with and the votes recorded thereon shall not thereafter be taken into account.
