Prime Minister's New 15 Point Programme for the Welfare of Minor

(As amended in October, 2009)

Prime Minister's New 15 Point Programme for the Welfare of Minorities

(A) Enhancing opportunities for Education

(1) Equitable availability of ICDS Services The Integrated Child Development Services (ICDS):

Scheme is aimed at holistic development of children and pregnant/lactating mothers from disadvantaged sections, by providing services through Anganwadi Centres such as supplementary nutrition, immunization, health check-up, referral services, preschool and non-formal education. A certain percentage of the ICDS projects and Anganwadi Centres will be located in blocks/villages with a substantial population of minority communities to ensure that the benefits of this scheme are equitably available to such communities also.

(2) Improving access to School Education:

Under the Sarva Shiksha Abhiyan, the Kasturba Gandhi Balika Vidyalaya Scheme, and other similar Government schemes, it will be ensured that a certain percentage of all such schools are located in villages/localities having a substantial population of minority communities.

(3) Greater resources for teaching Urdu:

Central assistance will be provided for recruitment and posting of Urdu language teachers in primary and upper primary schools that serve a population in which at least one-fourth belong to that language group.

(4) Modernizing Madarsa Education:

The Central Plan Scheme of Area Intensive and Madarsa Modernization Programme provides basic educational infrastructure in areas of concentration of educationally backward minorities and resources for the modernization of Madarsa education. Keeping in view the importance of addressing this need, this programme will be substantially strengthened and implemented effectively.

(5) Scholarships for meritorious students from minority communities: Schemes for pre-matric and post- matric scholarships for students from minority communities will be formulated and implemented.

(6) Improving educational infrastructure through the Maulana Azad Education Foundation:

The Government shall provide all possible assistance to Maulana Azad Education Foundation (MAEF) to strengthen and enable it to expand its activities more effectively.

(B) Equitable Share in Economic Activities and Employment

(7) Self-Employment and Wage Employment for the poor:

(a) The Swarnjayanti Gram Swarojgar Yojana (SGSY), the primary self-employment programme for rural areas, has the objective of bringing assisted poor rural families above the poverty line by providing them income generating assets through a mix of bank credit and rtain percentage of the

physical and financial targets under the SGSY will be earmarked for beneficiaries belonging to the minority communities living below the poverty line in rural areas.

(b) The Swarn Jayanti Shahari Rojgar Yojana (SJSRY) consists of two major components namely, the Urban Self-Employment Programme (USEP) and the Urban Wage Employment Programme (UWEP). A certain percentage of the physical and financial targets under USEP and UWEP will be earmarked to benefit people below the poverty line from the minority communities.

(8) Upgradation of skills through technical training:

A very large proportion of the population of minority communities is engaged in low-level technical work or earns its living as handicraftsmen. Provision of technical training to such people would upgrade their skills and earning capability. Therefore, a certain proportion of all new ITIs will be located in areas predominantly inhabited by minority communities and a proportion of existing ITIs to be upgraded to "Centres of Excellence" will be selected on the same basis.

(9) Enhanced credit support for economic activities:

(a)The National Minorities Development & Finance Corporation (NMDFC) was set up in 1994 with the objective of promoting economic development activities among the minority communities. The Government is committed to strengthen the NMDFC by providing it greater equity support to enable it to fully achieve its objectives.

(b) Bank credit is essential for creation and sustenance of self-employment initiatives. A target of 40% of net bank credit for priority sector lending has been fixed for domestic banks. The priority sector includes, inter alia, agricultural loans, loans to small-scale industries & small business, loans to retail trade, professional and self-employed persons, education loans, housing loans and micro-credit. It will be ensured that an appropriate percentage of the priority sector lending in all categories is targeted for the minority communities.

(10)Recruitment to State and Central Services:

(a) In the recruitment of police personnel, State Governments will be advised to give special consideration to minorities. For this purpose, the composition of selection committees should be representative.

(b) The Central Government will take similar action in the recruitment of personnel to the Central police forces.

(c) Large scale employment opportunities are provided by the Railways, nationalized banks and public sector enterprises. In these cases also, the concerned departments will ensure that special consideration is given to recruitment from minority communities.

(d) An exclusive scheme will be launched for candidates belonging to minority communities to provide coaching in government institutions as well as private coaching institutes with credibility.

(C) Improving the conditions of living of minorities

(11)Equitable share in rural housing scheme:

The Indira Awaas Yojana (IAY) provides financial assistance for shelter to the rural poor living below the povert of the physical and

financial targets under IAY will be earmarked for poor beneficiaries from minority communities living in rural areas.

(12) Improvement in condition of slums/areas inhabited by minority communities:

(a) Under the schemes of Integrated Housing & Slum Development Programme (IHSDP) and Jawaharlal Nehru National Urban Renewal Mission (JNNURM), the Central Government provides assistance to States/UTs for development of urban slums through provision of physical amenities and basic services. It would be ensured that the benefits of these programmes flow equitably to members of the minority communities and to cities/slums, predominantly inhabited by minority communities.

(b) *Under Urban Infrastructure and Governance (UIG) scheme, Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT) and National Rural Drinking Water Programme (NRDWP), the Central Government provides assistance to States/UTs for provision of infrastructure and basic services. It would be ensured that the benefits of this programme flow equitably to cities/towns/districts/blocks having a substantial minority population.*

(D) Prevention & Control of Communal Riots

(13)Prevention of communal incidents:

In the areas, which have been identified as communally sensitive and riot prone, district and police officials of the highest known efficiency, impartiality and secular record must be posted. In such areas and even elsewhere, the prevention of communal tension should be one of the primary duties of the district magistrate and superintendent of police. Their performances in this regard should be an important factor in determining their promotion prospects.

(14)Prosecution for communal offences:

Severe action should be taken against all those who incite communal tension or take part in violence. Special court or courts specifically earmarked to try communal offences should be set up so that offenders are brought to book speedily.

(15)Rehabilitation of victims of communal riots:

Victims of communal riots should be given immediate relief and provided prompt and adequate financial assistance for their rehabilitation.

GUIDELINES
for implementation of
Prime Minister's New 15 Point Programme for the Welfare of Minorities

The Hon?ble President, in his address to the Joint Session of Parliament on February 25, 2005, had announced that the Government would recast the 15 Point Programme for the Welfare of Minorities with a view to incorporate programme specific interventions. Prime Minister, in his address on the occasion of Independence Day, 2005, announced inter-alia that “We will also revise and revamp the 15 Point Programme for Minorities. The new 15 Point Programme will have definite goals which are to be achieved in a specific time frame”. In pursuance of these commitments, the earlier programme has

been revised as the Prime Minister's New 15 Point Programme for the Welfare of Minorities.

2. The objectives of the programme are as follows:-

a) Enhancing opportunities for education.

b) Ensuring an equitable share for minorities in economic activities and employment, through existing and new schemes, enhanced credit support for selfemployment, and recruitment to State and Central Government jobs.

c) Improving the conditions of living of minorities by ensuring an appropriate share for them in infrastructure development schemes.

d) Prevention and control of communal disharmony and violence.

e) An important aim of the new programme is to ensure that the benefits of various government schemes for the underprivileged reach the disadvantaged sections of the minority communities. The underprivileged among the minorities are, of course, included in the target groups of various government schemes. But in order to ensure that the benefits of these schemes flow equitably to minorities, the new programme envisages location of a certain proportion of development projects in minority concentration areas. It also provides that, wherever possible, 15% of targets and outlays under various schemes should be earmarked for minorities.

f) The emphasis of the programme on the maintenance of communal peace and harmony, through appropriate measures, and ensuring a reasonable representation of minorities in government, including the public sector, remains as emphatic as ever and these continue to be important constituents of the new programme.

g) The programme does not envisage any change or relaxation of any criteria, norms or eligibility conditions in any scheme for minorities. These would continue to be as provided for in the original schemes included in the programme.

h) The term “substantial minority population" in the 15 Point Programme applies to such districts/sub-district units where at least 25% of the total population of that unit belongs to minority communities.

i) (1) The target group of the programme consists of the eligible sections among the minorities notified under Section 2 (c) of the National Commission for Minorities Act, 1992, viz, Muslims, Christians, Sikhs, Buddhists and Zoroastrians (Parsis).

(2) In States, where one of the minority communities notified under Section 2 (c) of the National Commission for Minorities Act, 1992 is, in fact, in majority, the earmarking of physical/financial targets under different schemes will be only for the other notified minorities. These states are Jammu & Kashmir, Punjab, Meghalaya, Mizoram and Nagaland. Lakshadweep is the only Union Territory in this group.

j) The new programme will be implemented by Central Ministries / Departments concerned through State Governments / Union Territories. Each Ministry/Department concerned shall appoint a nodal officer, not below the rank of a Joint Secretary to Government of India, for this programme. The Ministry of Minority Affairs shall be the nodal Ministry for this programme.

3. Physical Targets and Financial Outlays:

Considering the complexity of the programme and its wide reach, wherever possible, Ministries/Departments concerned will earmark 15 percent of the physical targets and financial outlays for minorities. These will be distributed between States/UTs on the basis of the proportion of Below Poverty Line (BPL) population of minorities in a particular State/Union Territory to the total BPL population of minorities in the country, subject to the following:-

(a) (i) For schemes applicable exclusively to rural areas, only the ratio relevant to the BPL minority population in rural areas would be considered.

(ii) For schemes applicable exclusively to urban areas, only the ratio relevant to the BPL minority population of urban areas would be considered.

(iii) For others, where such differentiation is not possible, the total would be considered.

(b) For States/UT referred to in para 7

(b), the earmarking will only be for the BPL minorities, other than that in majority.

4. The schemes amenable to such earmarking are the following:-

Point No. (A) Enhancing opportunities for Education

(1) Equitable availability of ICDS Services
